

**Soft closing mechanism SoftMove 80 for HAWA-Junior 80 gently decelerates and closes sliding doors.**

**Description**

The original: the new soft closing mechanism SoftMove 80 from HAWA AG is an accessory for all HAWA-Junior 80 systems and therefore suitable for both wood and glass sliding doors. It can be installed on the opening or closing side. Completely integrated in the top track, the soft closing mechanism SoftMove 80 gently decelerates sliding doors and draws them into their final position. A disposable drilling template included in the package guarantees precise, clean and simple installation.

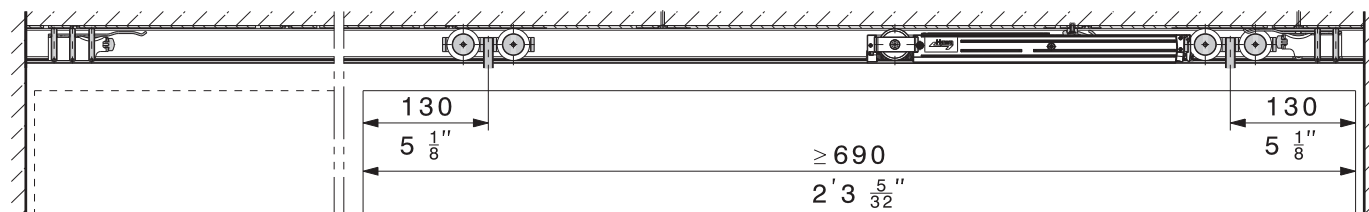

**Features of the soft closing mechanism SoftMove 80 for HAWA-Junior 80**

- Minimum door width for one-sided damping: 690 mm (2'3 <sup>5</sup>/<sub>32</sub>" )
- Minimum door width for two-sided damping: 1030 mm (3'4 <sup>9</sup>/<sub>16</sub>" )
- Invisibly integrated in the top track
- High-class hydraulic metal damper with a diameter of 14 mm guarantees high quality and a long life-cycle
- Continuous gentle deceleration and closing with no door spring-back
- Utilisable with all HAWA-Junior 80 sliding door systems
- Available as a set: HAWA-Junior 80 set including a soft closing mechanism SoftMove 80

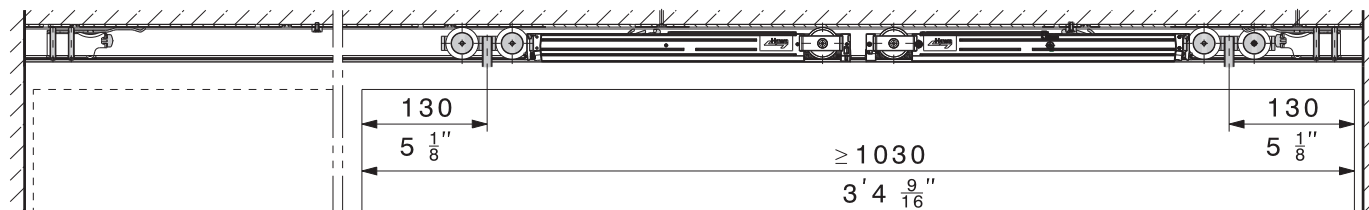

**Suitable for**

Wood  
HAWA-Junior 80/Z  
HAWA-Junior 80/B

Glass  
HAWA-Junior 80/GP  
HAWA-Junior 80/G  
HAWA-Junior 80/GV  
HAWA-Junior 80/GL  
HAWA-Junior 80/GS

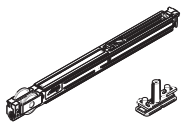

One-sided damping

Two-sided damping

Subject to modification. Metric specifications are exact. Inches are approximate.
